Fees

G/CC is a designated provider for Medicare and Medicaid and accepts many commercial health insurance plans. Consumers without coverage or without the ability to pay are offered a sliding fee rate based on family size and income. In order to apply for the reduced fees for service, consumers are required to supply G/CC documentation of family income. No one is turned away for services regardless of ability to pay.

GCC is sponsored by State of Florida, Department of Children and Families, Thriving Mind South Florida Monroe County, and other governmental/private entities. Consumer fees and donations are also necessary for the operation of the clinic. Private donations are welcome and are tax deductible.
